Dear Mr. Granatstein,

We present our compliments and express appreciation to you and your firm for making it possible for Jim Dube to come to Liberia and be engaged with us at the Ministry of Justice. Your support, through the International Senior Lawyers Project, has been most helpful and monumental.

Here in Liberia, where numerous legal issues are brought to our attention on a scale of highest concern, it is for us a blessing to have a volunteer lawyer like Jim to fill in the gap of our limited numbers to improve our capacity in the administration of Justice. Moreover, because senior lawyers bring with them an immeasurable wealth of knowledge and experience, the benefits that accrue to us are immense in terms of quality and volume of work.

Without a doubt, Jim has made a significant contribution to the Conference on Access to Justice, and I am pleased to state that his help to us in reviewing documentation for proposed transactions that would commit the Government to expend scarce financial resources or allow exploitation of our natural resources, cannot be fully measured. He has also reviewed numerous draft laws being submitted to the Liberian Legislature for enactment.

We look forward to a continued partnership with your firm and hope that it will be possible for Jim to return in the not too distant future under a similar arrangement.

Again, we are deeply grateful for your contribution to our rebuilding process in Liberia.

Sincerely yours,

Christiana Tah  
Minister of Justice
