

ABOUT BLAKES WOMEN ON BOARDS EXCHANGE FORUM

Blakes is proud to have launched our Women on Boards Exchange Forum 2017, a series of programs designed to bring together senior women executives, lawyers, CEOs and directors for a candid exchange of insights, observations and wisdom to help women leverage their skills, experience and industry expertise to secure positions on Canadian public company and pension fund boards. The path to addressing gender disparity on boards has proven to be a steep climb. We believe now is the perfect time to gain a foothold. We will bring together key stakeholders to promote a better understanding of both the needs of boards and the talents available to meet those needs.
